

2nd Grade News

Ms. Elaine Lipscomb
May 10-14

We had an awesome Mothers' Day program and celebration. The music and singing was really special. We love and appreciate our MOMs.

We will be concentrating this week on our math facts, science, and our study of China. Please check your child's AR points. Some students are close to the 50 and 100 point club.

We're looking forward to our trip to Young Chefs Academy on Tuesday. We're also planning the End of Year Party. Please contact Mrs. Masso to find out how you can help out.

Study Guide

Bible: Hebrews 11:1-6 Stories: Mixed Bible review
